

Sage Test Document

Sage Test Document

Basic Computation

Error executing Sage code: 'SageRunner' object has no attribute 'execute'

Plot Example

Error executing Sage code: 'SageRunner' object has no attribute 'execute'

Factorial Function

Error executing Sage code: 'SageRunner' object has no attribute 'execute'

Inline Math

You can use Sage for inline calculations, for example, $2^{10} = 1024$.

Matrix Example

Error executing Sage code: 'SageRunner' object has no attribute 'execute'
